<b>USB-C PD</b>	Any 15V 3A USB-C PD power supply
<b>USB-C Cable Length (in)</b>	No Stand: 60   With Stand: 56
<b>Product Weight (g)</b>	No Stand: 747   With stand: 1,026
<b>Product Dimensions (mm)</b>	No stand: 220L x 130W x 20H   With stand: 220L x 117W x 70H
<b>Charge Performance</b>	Wireless charging performance may vary. For best results, keep charger out of direct sunlight and warm environments, use a thin phone case or no phone case.
<b>Safety</b>	This product is intended for home and office use only. Prevent cable from being pinched or damaged. Unplug the product if not used for an extended period of time. Use in dry locations. Do not place metal objects, or non Qi-enabled wireless power receiving devices on the charging surface. Do not disassemble the charger.
<b>Foreign Objects</b>	If a metal object is detected between the wireless charger and a device charging, the object may start to heat up, in order to prevent this, the charger will stop transmitting power and the LED status indicator will show a slow pulsating blink. Remove device and ensure there are no metal objects attached to the device or on the surface on the charger before resuming normal operation.
<b>Compatibility</b>	Qi Certified devices, including smartphones and accessories from Apple, Samsung, Google, and other manufacturers.
